

More Than A Career...

Right now, we're looking for creative and innovative people to join our Graduate Program

Leighton Contractors is one of Australia's largest and most diverse contracting and project development companies – and through its Resources Division, we have more than 3,400 people working at mine sites across the country.

We empower our people to be creative, innovative and solutions-focused. We have a core set of values that, at its heart, means that we respect the community and environment and treat our workmates like family.

This is your chance to switch on to a fantastic career – from engineering, through to HR and finance, we have a pathway that's right for you. It's a great place to work – and everyone gets a fair go.

We are also committed to developing and mentoring our graduates to become the future leaders of our business. Through our world-class leadership development and training programs, you will further enhance your skills and achieve your career aspirations.

Because, as the resources industry is growing – so are we.

Our two-year, rotational program ensures that life at Leighton is never dull – and there are always exciting challenges and opportunities to meet head on, including the potential to work within our other divisions across Construction, Telecommunications, Industrial & Energy and more.

Do you have what we're looking for?

- ✦ Tertiary qualification
- ✦ Ability to work in large teams, as well as small, dynamic teams
- ✦ High level computer skills and the ability to quickly learn new systems
- ✦ Good communications and organisational skills
- ✦ A creative bent – with a passion for innovation
- ✦ Ability to work Residential and FIFO secondments

And, if you're in your final year of the following disciplines – then we definitely want to hear from you:

- ✦ Engineering – Mining
- ✦ Engineering – Mechanical
- ✦ Environmental Science
- ✦ Surveying

Working with us is more than a career – it's the start of something big – so get in touch today.

Apply now using the details below or call 08 9373 9475 to talk directly with our Graduate Recruiter Amber Folpp.
